Disney Fantasy Fun Facts

While the cute baby elephant, Dumbo serves as a fantastic stern character, in real life he would have to gather 24,266 other adult male African elephants to match the weight of the Disney Fantasy.

Almost 4 football fields in length, the Disney Fantasy is longer than the height of the Eiffel Tower in Paris (1,063 feet). She is also longer than the height of New York City's famous Chrysler building (1,047 feet).

The two huge mosaic walls based on the Disney Pixar animated feature "Finding Nemo" are showcased in Cabanas casual-dining restaurant on Deck 11. Created for the Disney Fantasy by Italian artists, each wall is more than 25 feet wide and more than 8 feet high and contains approximately 194,500 tiles in 200 colors of hand-crafted Venetian enamel. A team of nine artists created the mosaics based on Pixar designs depicting the underwater world of Australia's Great Barrier Reef and characters featured in the motion picture.
