Wave phones are a great way for families to stay in touch with one another while onboard the ship and ashore at Disney's Castaway Cay.

It is important that parents with children in Youth Activities carry a phone with them to receive any necessary updates regarding their child/children.

There is a $250 charge per phone charged to the stateroom account for phones that are lost, damaged or not returned to the stateroom prior to debarkation.

We truly hope you will enjoy the convenience and peace of mind the Wave phones can provide during your sailing.

You can use the features of the Wave Phone to perform the following tasks:

- Send and receive messages
- Configure audio and display settings
- Assign daily and recurrent alarms
- Use the calculator and stopwatch
- Automatic update of the time and date settings when switching on the handset
- Central directory

Keys 1-9: Long press for speed dialing (if programmed).
- Used in text editor to enter a star symbol and special characters, or to insert pause in dial mode.

0: Used in text editor to enter space and special characters.
#
- Used in text editor to capitalize letters and type numbers. Long press activates the silent mode.

Charge Display
The battery charge status appears on the display screen. When the battery is nearly discharged, the battery symbol flashes and a warning tone sounds. If you are on a call, approximately 3 to 5 minutes of talk time exists before the handset switches off. If you are not on a call and the handset is not in the charging station, the message “Battery empty” appears on the display. You cannot make calls while this message appears.
### GETTING STARTED

**Turning the Phone On and Off**
Press and hold the **Red Phone** key for a few seconds.

**Lock/Unlock Your Phone**
In **Idle** mode, press the **OK** key, and then press the **Lock** soft key.
To unlock, press the **OK** key, and then press the **Unlock** soft key.

**Make a Call**
In **Idle** mode, type the number you want to dial, and then press the **Green Phone** key.
When dialing:
- **Wave to Wave Phone:** simply dial the phone number
- **Wave to Stateroom Phone:** dial 41 + the stateroom number
- **Stateroom Phone to Wave:** dial 41 + the Wave phone number
- **Any shipboard phone to Wave:** dial 41 + the Wave phone number

**Answer a Call**
Press the **Green Phone** key.

**End a Call**
Press the **Red Phone** key.

**Reject a Call**
Press the **Reject** soft key.

**Change the Volume**
During a call, press the **Volume Up** or **Volume Down** buttons on the side of the phone.

**Use the Speakerphone**
During a call, press the **Spk On** soft key. To deactivate: press the **Spk Off** soft key.

**Mute a Call**
During a call, press the **Mute** soft key. To turn the microphone on again, press the **Unmute** soft key.

**Listen to Voicemail Messages**
In **Idle** mode, press the Menu soft key, choose **Messaging, Inbox**, select **Listen to Voicemail**, and then scroll to the required message. Press the **Select** soft key.

*Note: You may need to enter your voicemail number first.*

**Write a Text Message**
In **Idle** mode, press the Menu soft key, choose **Messaging, New** and **Draft**. Now you can enter text.

**Make a Shortcut**
In **Idle** mode, press the **Menu** soft key, choose **Settings, General**, and select **Shortcuts**. Now you can assign a function to one of the navigational keys.

**Make a Speed Dialing Key**
In **Idle** mode, press the **Menu** soft key, choose **Contacts**, Select the contact that you want to assign and press the **More** soft key. Choose **Speed Dial** and press **OK**. Scroll to the speed dialing key number that you want and press the **Add/Replace** soft key. (If a number has already been assigned to the key, it will be replaced.)

**Using the Menu**
There are 6 menus, all of which you access from the Main menu. A menu may have several tabs. Use the navigational keys to go to the required tab. The soft keys may provide you with additional options.

To enter the main menu: in **Idle** mode, press the **Menu** key. To leave a menu, press the **Red Phone** key.
